

RACHEL PEARSON

EDITORIAL WEDDING PHOTOGRAPHER

WELCOME

HELLO!
I'M
RACHEL

A hopeless romantic, a dive-all-in kind of woman and award winning photographer.

I'm based in Sussex with the loves of my life; my husband, three little babes and two very fluffy and cuddly ragdoll cats.

I am so passionate about preserving your memories and experiences. These are the bonds that shape us, make us feel connected, remind us of where we belong and how much we are loved.

These photos aren't for the 'now', they are insuring your memories. Your children and your family will cherish these heirlooms for generations to come.

MY APPROACH

My style of wedding photography is a *beautiful hybrid* where a *documentary approach* meets *editorial elegance* and a *love of storytelling*..

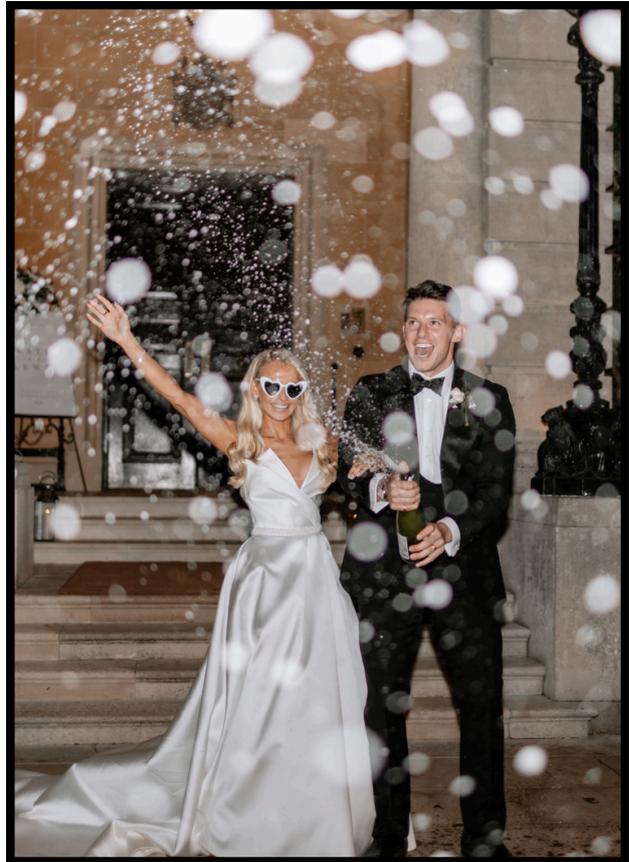

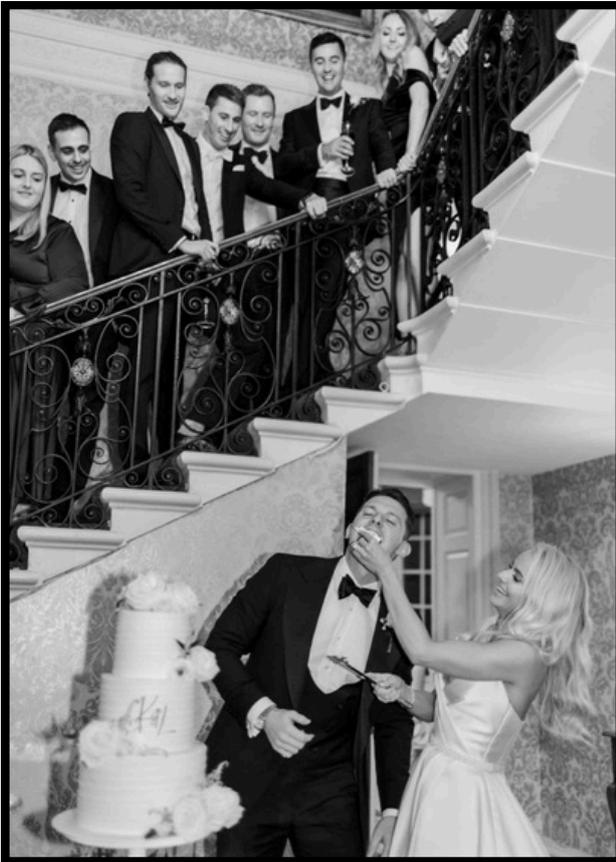

This means that for large parts of the wedding I capture your day as it unfolds, seeking out the *genuine, intimate* and *fleeting moments* you share with each other, friends and family without interfering or staging (glorious candid moments, still offering light direction but mostly staying in the background).

Then we'll take some time for you two to breathe each other in, connect and savour the moment, where I'll give you more direction, culminating in a collection of *beautiful, show-stopping, romantic, editorial-style portraits* of you both to cherish. I love to capture bridal fashion and considered details too!

Your wedding day will be completely unique. Capturing your wedding is all about that *look*, that *tear*, an *exchange of glances*. It's about the *laughter* during speeches and the *energy* on the dance floor. I love all the delicate details, the atmosphere and am devoted to capturing everything that you've poured your heart and soul into making your wedding, your wedding.
